Opportunities

— — —

Mentorship Facebook developer circles have launched their online mentoring program. If you have experience and would like to share knowledge to students or junior developers, they are also looking for mentors.

For more details visit:

https://www.facebook.com/groups/DevCBerlin/mentorship_application/

Opportunities

— — —

Mentorship WATTx are offering a 3 month mentorship programme. Pedro from WATTx will be giving us more details shortly.
